*It's Already In Your Heart™*

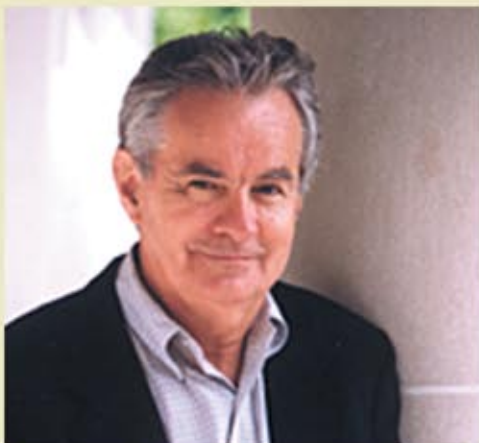

## My Opportunity for Giving

Has a simple – yet profound – goal...  
To make Stewardship "a way of life" for your members

### My Opportunity for Giving...

- Is the extraordinary three-week program that carefully leads your members through a **life-changing experience**: a deep, prayerful consideration of how they can become good stewards of all of the many gifts they have been given.
- Uses the unique approach of **Intentional Stewardship™**, providing a path for real people, in real life circumstances, to give back to God, in gratitude, a portion of their time, their talents and their means.
- Is **easily integrated** into your Sunday worship or can stand alone.
- Is an **approach to stewardship** unlike any your church has ever experienced before.
- Creates an **'attitude of gratitude'** throughout the church.
